

CONTACT TRACERS

The Talbot County Health Department is seeking contact tracers able to work 40 hours per week for the COVID-19 pandemic. Preference will be given to nurses or other health professionals for this contractual arrangement over the next five to twelve months. There can be some flexibility to the hours worked which also cover weekends. Nurses retired or not currently working are encouraged to apply.

Call Katie Moore at 410-819-5655.
